

TEST CERTIFICATE

LEITAT – Technological Center
Bioinvitro Division

CERTIFIES

That article referenced as:

GTC-NYG3-001

Presented by the manufacturer:

NYLSTAR S.A.
AVINGUDA ESTACIÓ, 53
17300 – BLANES – GIRONA
SPAIN

SHOWS the following cosmetic property:

“GTC-NYG3-001 Nylgol textile shows clear anti-oxidant properties. This textile provides 55% anti-oxidant efficacy by reducing reactivities oxygen species (ROS) formation in human dermal fibroblast, 24h-pretreated with the textile, under the evaluated oxidative conditions”.

according to the technical report number:

OF-13-0425-ANTIOX-GTC-NYG3-001

of this laboratory for the requested test:

In vitro anti-oxidant efficacy assessment

The study was conducted in compliance with ISO9001:2008.

Neither legal nor technical requirements were applied to any protocol contained in the associated report.

The applied methodology in the study does not respond to an established standard, normative or specific requirement. For the requested test, LEITAT - Technological Center developed a novel in vitro methodology for active textiles evaluation.
